JESSE J. LASKY presents

HOUDINI IN THE

"GRIM GAME"

HOUDINI offers \$1,000 reward to anyone proving proving that the aeroplane crash in midair is not genuine. It's the greatest thrill in the greatest thrill picture ever made.

Prices 50c. and 25c.

New Opera House Almost Completed

As will be seen in our advertising columns the new opera house will be ready for opening on Saturday night. The opening of the new house marks the beginning of a new era for public amusement in Didsbury, after some years of inconvenience and disagreeable conditions, as well as danger.

The new house, which is located in one of the center blocks of the town, is practically fireproof, has high ceilings and plenty of exits, in fact without exaggeration it can be stated that there are very few, if any, towns that have better accommodation than Didsbury has for public amusement.

The owner, Mr. Dan Klinek, is to be commended for his public spirit in providing the town with such a splendid building, and when it is stated that the work has been carried through by Mr. E. Morrison, the contractor, the public can be assured that the job has been done thoroughly.

Messrs. Farrington & Reek, the lessees, take over the house on Saturday night when they open with the show, "I Love a Lassie," which is reported to be well worth seeing.

First Pictures in the New Opera House

The first picture to be shown in the new opera house on Tuesday and Wednesday nights next, is to be a thriller. The big feature is "Houdini," the man who is an adept at liberating himself from all imprisoning devices, and who will appear in the picture entitled, "The Grim Game." Every foot contains a thrill and the background is a fascinating story of mystery. The duel in the air with aeroplanes, terminating with the crash of the planes to the earth, is the climax to one of the greatest pictures ever made.

Change in Hotel Management

The management of the Rosebud Hotel has now passed over to Mr. S. T. Severson who formerly owned an hotel at Camrose. Mr. Severson is making a complete change in the house and has put in a new staff. Two white cooks have been engaged, and he intends bringing it back to its former standard as the best on the C. & E. line.

Meeting with Success

Reports presented at the monthly meeting of the Didsbury general hospital board show encouraging progress in the work of the hospital during the month of October, the second month since the hospital was opened. During the month of October there were 138 hospital days earned by the hospital, amounting to \$894 in actual earnings. During this month, in spite of the great difficulties in the matter of securing equipment and putting the hospital building into satisfactory condition for its work in meeting the interest of the patients, much excellent work has been done. While at present the cost of operation, in proportion to earnings, is rather abnormal, it is the expectation of the board that very soon all difficulties will be overcome. The town is to be congratulated in having such an excellent staff, and with the hearty co-operation of the people of the town and surrounding district in the matter of patronage and support, the hospital promises to be a real asset to this whole district. The rates charged patients are very reasonable. To residents of the town of Didsbury, the municipal districts of Mountain View and Westerdale, the co-operating municipalities in the management and support, \$2.50 per day is charged, and \$3 per day to those coming from outside these boundaries. The use of the operating room facilities, and attention connected therewith, is on a graded scale from \$10 in the case of major operations, down, in accordance with services required.

trees refuse to bear until they have met with adversity. Then the gardener bores a hole in them, or something like that, and, behold, next season they bear. Sounds silly, but they say it's a fact. I guess it's natural law. Well—" she paused again, and when she spoke it was in a lower, more confidential note.

"I shouldn't tell you this, Dave. I shouldn't know it myself. But before that things hadn't been, well, just as good as they might in our home. . . They've been different since."

The shock of her words brought him upright. To him it seemed that Mr. and Mrs. Duncan were the ideal father and mother. It was impossible to associate them with a home where things "hadn't been just as good as they might." But her half confession left no room for remark.

"Mother told me," she went on, after a long silence, and without looking at him. "A few years ago, 'If someone had only told me, when I was your age,' she said."

"Why do you tell me this?" he suddenly demanded.

"Did you ever feel that you just had to tell someone?"

It was his turn to pause. "Yes," he confessed at length.

"Then tell me."

So he led her down through the tragedy of his youth and the lonely rudderless course of his boyhood. She followed sympathetically to the day when Dr. Hardy and his daughter Irene became guests at the Elden ranch, and then her interest manifested something deeper than sympathy. But he had become engrossed in his narrative. . . . The September day had drawn to a close, and the dusk was thick about them, ere he reached the end. But before the end he stopped. Should he tell her all? Why not? She had opened her life to him. So he told her of that last evening with Irene, and the compact under the trees and the moon. Her hand had fallen into his as they talked, but here he felt it slowly withdrawn. But he was fired with the flame of love which had sprung up in the breath of his reminiscence. . . . And Edith was his friend and his chum.

"And you have been true?" she said, but her voice was distant and strained.

"Yes."

"And you are waiting for her?"

"Yes, I am waiting. . . . It must be so."

"It is cold," she said. "Let us go home."

CHAPTER TEN.

Whatever the effect of this conversation had been upon Edith, she concealed it carefully, and Dave counted it one of the fortunate events of his life. It had sealed to him a new friendship, a confidence to support him in days of stress. He had been working under the spur of his passion for Irene, but now this was to be supplemented by the friendship of Edith. That it was more than friendship on her part did not occur to him at all, but he knew she was interested in him, and he was doubly determined that he would justify her interest and confidence. He threw himself into the columns of The Call

GUARD THE CHILDREN FROM AUTUMN COLDS

The Fall is the most severe season of the year for colds — one day is warm, the next is wet and cold, and unless the mother is on her guard the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mother's best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose will prevent colds, or if it does come on suddenly the prompt use of the Tablets will quickly relieve it. The Tablets are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

with greater vigor than ever.

But just at this time another incident occurred which was to turn the flood of his life into strange channels. Dave had been promoted to the distinction of a private office—a little six-by-six "box stall," as the sports editor described it—but none the less a distinction shared only with the managing editor and Bert Morrison, compiler of the woman's page. Her name was Roberta, but she was masculine to the tips, and everybody called her Bert. The remainder of the staff occupied a big, dingy room, with walls pasted with specimen headings, comic cartoons, and racy pictures, and floor carpeted deeply with exchanges. Dave, however, had established some sort of order in his den, and had installed at his own cost a spring lock to prevent deprecations upon his paste pot or sudden raids upon his select file of time copy.

Into this sanctuary one afternoon in October came Conward. It was such an afternoon as to set every office worker at war with the gods; the glories of the foothill October are known only in the foothill country, and Dave, married though he was to his work, felt the call of the sunshine and the open spaces. This was a time for fallen leaves and brown grass and splashes of color everywhere—nature's autumn colors, bright, glorious, unsubdued. Only Dave knew how his blood leaped to that suggestion. But the world must go on.

Conward's habitual cigarette hung from its accustomed short tooth, and his round, florid face seemed puffier than usual. His aversion to any exercise more vigorous than offered by a billiard cue was beginning to reflect itself in a premature roundness of figure. But his soft, sedulous voice had not lost the note of friendly confidence which had attracted Dave, perhaps against his better judgment, on the night of their first meeting.

"Lo, Dave," he said. "Alone?"

"Almost," said Dave, without looking up from his typewriter. Then, turning, he kicked the door shut with his heel and said, "Shoot."

"This strenuous life is spoiling your good manners, Dave, my boy," said Conward, lazily exhaling a thin cloud of smoke. "If work made a man rich you'd die a millionaire. But it isn't work that makes men rich. Ever think of that?"

"If a man does not become rich by work, he has no right to become rich at all," Dave retorted.

"What do you mean by that, word 'right,' Dave? Define it."

"Haven't time. We go to press at four."

"That's the trouble with fellows like you," Conward continued. "You haven't time. You stick too close to your jobs. You never see the better chances lying all around. Now suppose you let them go to press without you today, and you listen to me for a while."

Dave was about to throw him out when a gust of yearning for the open spaces swept over him again. It was true enough. He was giving his whole life to his paper. Promotion was slow, and there was no prospect of a really big position at any time. He remembered Mr. Duncan's remarks about newspaper training being the best preparation for something else. With a sudden decision he closed his desk. "Shoot," he said, again, but this time with less impatience.

Old Age Deferred

BY DR. LEE H. SMITH.

Business men who must speed up the works and make business boom during these days—after the war—must recognize the necessity of keeping fit. When mind is befogged, when you have dull headaches or feel logy, when not "up to snuff," keep the bowels free with a mild laxative. In the morning take a tepid sponge bath (cold water may be used if it does not chill), follow with a brisk rub down; a sufficient "setting up" exercise in good air until you are in a warm glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try a dose of castor oil the first thing on arising, or a pleasant laxative occasionally, such as one made up of May-apple, aloin and jalap, rolled into a tiny sugar-coated pill, and sold in every drug store as Dr. Pierce's Pleasant Pellets. Then a cup of hot water before breakfast, and you'll feel better than a king! If you continue in life thus, you can pass a Life Insurance examination at sixty.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of soft (rain) or distilled water daily between meals. Then procure at the drug store Dr. Pierce's Anuric (anti-uric-acid). This "Anuric" drives the uric acid out and relieves backache and rheumatism, as well as kidney trouble. Anuric dissolves uric acid as hot tea dissolves sugar.

A sore corn, he said was bad enough, but to have it stepped on was the limit. He invested in a bottle of Putnam's Painless Corn Extractor, and now wears a happy smile. Corn is gone—enough said. Try Putnam's Extractor, 25c at all dealers.

"That's better," said Conward. "Have you ever thought of the future of this town?"

"Well, I can't say that I have. I've been busy with its present."

"That's what I supposed. You've been too busy with the details of your little job to give attention to bigger things. Now, let me pass you a few pieces of information—things you must know, but you have never put them together before. What are the natural elements which make a country or city a desirable place to live? I'll tell you. Climate, transportation, good water, variety of landscape, opportunity of independence. Given these conditions, everything else can be added. Now, our climate—of course it is misunderstood in the South and East, but misunderstanding doesn't ruffle it. You and I know what it is. This is a white man's climate. Follow our latitude into Europe if you want to find the seats of power and success. London and

Berlin are north of us; Paris very little south."

"Where did you get this stuff?" Dave interjected. "Sounds like the prelude of an address before a boomsters' club."

Hockey League Formed

Lovers of winter sport between Innisfail and Crossfield will no doubt be pleased to learn that the famous old Rosebud League has been resurrected and is composed of teams from Innisfail, Olds, Didsbury, Carstairs and Crossfield.

On Thursday last the delegates from the above towns met at the Alberta Hotel, Crossfield, and as a result of the meeting the Rosebud Hockey League was formed. The delegates from Didsbury were J. A. McGhee, Dr. Duncan, E. E. Freeman and B. Herron.

The utmost enthusiasm and good feeling prevailed among all the delegates and it was the unanimous expression of opinion among all present that no ringer be used during the season. The league will be affiliated with the Alberta Amateur Hockey Association and governed by their rules, the president and secretary of the league being the delegates to represent it at the meetings of the association. A handsome trophy has been donated by Dr. A. T. Gribble of Innisfail, which is very much appreciated by the boys and will add interest to the competition, and in addition to this the winning team from the league will have the right to play off in the intermediate series.

The following officers have been elected:

Hon. Pres.—Dr. A. T. Gribble, Innisfail.

Pres.—J. A. McGhee, Didsbury.

Vice Pres.—D. P. Hays, Carstairs.

Secretary—George A. Richardson, Carstairs.

An executive was appointed, to consist of the active officers and one representative from each club. Each club is to deposit \$15 with the league secretary to cover default of games and expenses of the league. The following schedule was drawn up:

At Innisfail—Olds Dec. 8, Jan.

Pump Your Water WITH OUT COST

A FAIR, SQUARE MOTTO TO ALWAYS REMEMBER

Patronize a home industry that is building up and developing what is absolutely sure to increase the value of your farm properties.

This you can accomplish by always bringing us your milk, sweet or sour cream, or eggs; in fact, any produce you have to sell. We can get you the best market. Our market for good sweet cream, which will bring you the highest price is unlimited.

We have the facilities to freeze it after you deliver it.

When continually patronizing us you have the advantage of selling either the whole milk, fresh sweet cream or sour cream, whichever will bring you the most dollars.

We ask your support and co-operation. Dairymen, our business is open for your inspection, from start to finish.

Come in and have a visit and see what we are planning to do for you.

After the meeting Mr. J. P. Conrad, proprietor of the Alberta Hotel, a former Didsbury old timer, invited the boys to a splendid supper, which of course was greatly appreciated.

A local hockey club has been organized under the Didsbury Athletic Association with a special co-operating hockey committee consisting of B. Stitt, B. Herron, C. Reiber, Dr. W. Duncan and Vera Wood. Season tickets are now ready and can be procured at the stores in town. The officers of the local club will play only resident players, win or lose, in the hope of building up a team which the local fans will be proud of, and hope for the support of all who have the interest of good, clean sport at heart.

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—“For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound.”

Mrs. J. S. ROHRBACH, 620 Knapp St., N. S., Pittsburgh, Pa.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or “the blues,” should accept Mrs. Rohrbach's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Co-operation In Politics Predicted

The following article is an interesting prediction as to the solution of the political situation, by an independent, but close student of political matters:—

The result of the Ontario elections held recently have aroused Dominion-wide interest. Much conjecture prevails as to the ultimate outcome of the groups of parties elected which will necessitate a re-alignment politically before a stable Government can be formed.

The success of the Farmers' party, whereby they secured the largest group numerically, at once puts that party in a leading position and entails upon its members important responsibilities of government. There should be no valid reason why that party should not call to its aid support from other groups, and organize a Government to carry on the affairs of the Province. There is no great gulf, for instance, between the views of the average Farmer member for a mixed rural and small town constituency, and the Liberal member for a similarly comprised riding. The Provincial Legislature is a magnified county council, and, aside from extreme or faddist members, sufficient unity to carry on a stable progressive Government should not be difficult to secure.

One feature, however, that may tend to prevent getting together on the part of the Liberal and Farmer members was the attitude assumed during the contest by Hartley Dewar, K.C., the Liberal leader. There was no justification for his attacks on the Farmer candidates. They had every right to run. They practically and in principle represented Liberal and democratic viewpoints, and the results at the polls indicated that the people upheld their entrance into the political field. In these circumstances it was folly to divide the Liberal groups and to create division as between them.

Following the Ontario results, and of more particular interest in the West, is the result of the Federal by-election in Assiniboia constituency, where Hon. W. R. Motherwell was overwhelmingly defeated by O. R. Gould, the Grain Growers' candidate.

These contests should serve as a warning to those sincerely in favor of a policy of reform and fair taxation, low tariff and progressive government, of the lack of wisdom displayed in dividing the forces of those who are united in main principles. In Assiniboia, Mr. Gould has for years been an active supporter of the same principles and policies as those contended for and upheld by Mr. Motherwell. During the past ten years Mr. Gould supported and actively campaigned in behalf of the Provincial Government of Saskatchewan, of which Mr. Motherwell was a member. In 1911, Mr. Gould was an ardent supporter of Reciprocity, of which, also, Mr. Motherwell was a foremost exponent. For these reasons alone Mr. Motherwell's action in opposing him was not justified, but even had Mr. Gould been previously a Conservative, and had changed his views to conform to Liberal sentiments, the defeated candidate would still have been wrong in contesting the seat in view of the strong public sentiment which existed favoring the Grain Growers' policy and political movement.

The strength and showing of the United Farmers' movement in the East came as a surprise to all. In the Prairie Provinces the party is now thoroughly organized, and has had greater experience in political affairs, and bids fair to make every bit as great, if not a greater, showing than in the East. In these circumstances, therefore, what folly it is to divide the forces in the West largely because a very small minority of old-time Liberals will not, for purely partisan reasons, co-operate with the really Liberal Grain Growers' party. There are small groups of these old-time partisans in the East and West, who, largely for personal reasons, and principally because they cannot control and direct the new forces, refuse to co-operate. The rank and file Liberals, farmers or otherwise, should not tolerate this dictation or allow candidates to be foisted upon them because of these few malcontents.

The overwhelming mass of Liberals and Farmers in the West see eye to eye on main principles. Their forces should not be divided. Co-operation and harmony in political action is plain common sense if results are to be achieved. The Prairie Province Provincial Governments and the great majority of the members of the Legislatures realize the facts and heartily approve of united action. They realize that in three-cornered contests the reactionary forces may win out, since division of Liberal support ensures domination by the interests of Privilege.

The platform and aims advocated by the farmers are essentially Liberal. The majority of the better class and intelligent farmers of Canada are Liberal in their views. At present the farmers', or Grain Growers', wing of Liberalism is in the ascendant, and should receive the undivided support of sane Liberals. Since that element of Liberalism is in the majority, they have the right to assume a certain measure of control and leadership. But they are fair and reasonable and desire co-operation and support. There should, therefore, be no division, and the personal views of the few Liberal reactionaries

New Way of Selling Old Furniture in Paris

Second-hand furniture dealers in Paris have thought of a profitable scheme to sell their stocks to great advantage. A flat is rented in the aristocratic quarter of the city and filled with the finer pieces of furniture. An advertisement is inserted in the dailies that an elderly woman, widowed by the war, will sacrifice her furniture in order to get enough money to return to the country of her birth.

A buyer visits the flat, the woman shows a bookcase, the price is agreed upon, but when the doors are opened a row of old school books is disclosed. The widow bursts into tears and explains that the books belonged to her son who left his studies to take up arms and was killed two months after he had left home. The prospective buyer consoles her, and to help her forget her grief pays her double the price asked.

Saskatchewan Farmers to Try for Honors at the Chicago Show

Visitors to the International Hay and Grain Exhibition to be held at Chicago in connection with the International Stock Show, November 29 to December 6, will have an opportunity of seeing some of the fine grain and other crops that are produced in Saskatchewan. The farmers in this province are arranging to send samples of wheat, oats, barley, rye and various grasses and vegetables. At the International Soil Products Exposition at Kansas City, Mo., this year Saskatchewan farmers won the sweepstakes both for wheat and oats, as well as many first and other prizes. They feel confident that they will be able to repeat these triumphs at Chicago next month.

**GENERAL DEBILITY
FOLLOWING INFLUENZA**

Strength Can Only Be Regained By
Enriching the Blood

Following a widespread epidemic
of influenza, general debility is on the
increase, and its effects may be no-
ticed in the worn, listless appearance
of so many of the men and women
you meet. Influenza always leaves
behind it impaired vitality, and with
the modern conditions of life, that
use up nerve force so rapidly, general
debility becomes one of the most
common maladies. The symptoms of
debility vary, but weakness is always
present. There is poor digestion,
langour, weak, aching back, wakeful-
ness at night, often distressing head-
aches and a feeling of fatigue. These
symptoms indicate impure and im-
poverished blood. It is significant of
nearly every attack of influenza that
it is followed by anaemia and debil-
ity.

For all such run-down conditions,
new blood is the most reliable cure.
Sufferers should at once begin to
make thin blood rich and red with
Dr. Williams' Pink Pills. Under a
fair treatment with this medicine,
they will realize more and more the
health-restoring influence of good,
rich blood, and how this new blood
brings a feeling of new strength and
increased vitality. Proof is given in
the case of Mrs. G. Robertson, Wing-
ham, Ont., who says: "When the
Spanish influenza spread over our
town I happened to be one of the first
attacked, and the attack was a very
severe one, and, worse still, the after-
effects of the trouble left me in con-
tinuous misery. I had severe pains
in my side, felt low-spirited, and with
no ambition whatever. My head
ached almost continually, my eyes
felt heavy, and pimples broke out on
my face. I was advised to try Dr.
Williams' Pink Pills, and after taking
them for a time I felt like my old self
able to do my housework, and feeling
well and strong. I can strongly re-
commend Dr. Williams' Pink Pills
for the serious after effects of influ-
enza, as I am sure they will restore
all sufferers to good health."

You can get these Pills through
any dealer in medicine, or by mail,
post paid, at 50 cents a box, or six
boxes for \$2.50, from The Dr. Wil-
liams' Medicine Co., Brockville, Ont.

1919, a record amount of shipbuild-

world, namely, 4,800,000 tons, of
which two million were building in
the United Kingdom. During the
year to June 30 there were 3,800,000
gross tons registered at Lloyd's, of
which the United States built
1,900,000 tons, the United Kingdom
1,300,000 tons, Japan 360,000, and
Canada 200,000.

Next to America, Japan showed the

Restore French Railways

The Petit Parisien says that during
a recent trip of Albert Claville, min-
ister of public works, to the devastat-
ed regions he learned of the excellent
results being made in repairs to the
railway system and the roads. Thirty-

troyed track have been almost com-

of devastated roads 12,000 kilos have
already been repaired.

The Calgary Herald says
the new Ontario govern-
ment is composed of "green
and untried men." That's
right. But the old govern-
ment was composed of highly
sophisticated men who had
been tried too darned long,
hence the change.

We print below an extract
from the report of Lieut.-Col.
W. B. Price, who has been
acting for the board in con-
nection with the probe into
the prices of boots and shoes
in Toronto.

"After explaining how the man-
ufacturers fix their prices on esti-
mates made several months before
the shoes are sold—Col. Price told
the board that prices of various ma-
terials have been going up at an
alarming rate. Prices of uppers, for
instance, between 1913 and 1919
had risen 338 percent. Sole leather
had increased by 177 percent since
1913, while findings had advanced
109 percent. Labor costs had also
risen sharply, the advance since
1913 amounting to 100 percent."

Labor is not to blame for
the h. c. of l. It is the small-
est factor in this case, as in
many others. Lay off of lab-
or and wages for a while and
blame those to whom the
blame is due.

Do you know that there is
a serious shortage in finished
hogs in this part of the coun-
try? The packing plants and
stock yards report that only
about one quarter of their re-
quirements are being received.
This means that in a very
short time desirable breeding
stock will be at a premium.

We know that the cost of
feed is high; market condi-
tions are uncertain—but the
farmer of judgement will not
allow himself to be influenced
by temporary conditions to
sacrifice his stock; on the con-
trary he will reserve his very
best, with the object of build-
ing up flocks and herds of
quality. Northern Alberta is
essentially a live stock coun-
try; our future prosperity is
wrapped up in the production
of high class live stock.

Experience time and again
has shown that the breeder
who has followed this line of
action has triumphed over the
man who has doubted the ad-
visability of maintaining the
standard in production and
quality.

The department of agricul-
ture for the Dominion of Can-

Victory Loan

Big Success

Local's Win Flag and Three Crests

The Victory Loan campaign end-
ed on Saturday night and the results
were most gratifying locally as well
as all over the Dominion.

The local committee, headed by
Mr. W. G. Liesemer as chairman
and Mayor J. M. Reed as secretary,
should feel that their efforts were

NOTICE TO CREDITORS AND CLAIMANTS.

In the estate of Mary Myers, late
of near Didsbury, Alberta, married
woman, deceased.

Notice is hereby given that all
persons having claims upon the es-
tate of the above named Mary My-
ers who died on the 25th January,
1919, are required to file with the
undersigned Solicitors for the Ad-
ministrator of her Estate by the 31st
January, 1920, a full statement du-
ly verified, of their claims and of
any securities held by them, and
that after that date the Administra-
tor will distribute the assets of the
deceased among the parties entitled
thereto, having regard only to the
claims of which notice has been so
filed or which have been brought to
his knowledge.

Dated this 10th day of November,
1919.

certainly worth while as they passed
their objective of \$50,000, set by
headquarters, by nearly \$30,000,
the total amount raised being \$76,-
650. It has meant hard work for
them this time because of bad con-
ditions, but now the campaign is
over they have the satisfaction of
knowing that Didsbury and district
did not fall down as it was feared
at first it would.

Calgary ended up a whirlwind
campaign by raising \$5,103,250,
an excess of nearly three million
more than its objective.

The total for Alberta is given as
\$12,700,000, but later returns will
increase this.

The amount raised up till Friday
night all over the Dominion was
\$509,549,313, and it is expected
that when all returns are in \$600,-
000,000 will have been raised.

Labor Decides on Hours of Work

Washington. — After nearly five hours of constant fighting, the international labor conference adopted the 48-hour week convention of the organizing committee as a "basis for discussion." But as to exactly what that means the delegates are not agreed. Does adoption of the motion confine discussion to the application of the 48-hour week, or will amendments be admitted for a maximum eight-hour day and the 48-hour week? That is the question all sides are asking.

The vote came on a motion presented by Mr. Barnes, British government delegate, that "the draft convention prepared by the organizing committee be adopted by the conference as the basis for discussion," with reference to a special committee of matters concerning its application to tropical and other specified countries.

Originally, Mr. Barnes' motion reads: "The draft convention on the 48-hour week," but an amendment by Mr. Fontaine, French government delegate, struck the words "48-hour week" from the motion, and, as amended, it was adopted by 55 to 2.

Mr. Rowell and Mr. Acland, Canadian Government delegates, and Mr. Parsons, Canadian employers' delegate, voted for the motion.

Mr. Draper, Canadian workers' delegate, voted against it. The other vote against it was that of Sam. Gompers, president of the American Federation of Labor.

Russian Government Must Change

Allies Will Continue Economic Pressure Till Democratic Government Is Formed

London.—The present measures of economic pressure on Russia will continue until a democratic government is established in Russia which can be recognized by the allies, according to a statement made in the House of Commons by Under Secretary for Foreign Affairs Harmsworth.

Kaiser is Well Punished

King George Gives Missionary His Views of ex-Emperor of Germany

London. — King George gave his view of the former German emperor in the course of an audience with a missionary from Armenia, Archibald Forder.

When the missionary told the story of his captivity of four years, saying that the troubles had all been instigated by the Germans, the King replied: "Well, they are finished now. The Kaiser has had to run away from his own country. He is well punished for all he did."

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

Metal Workers Of Berlin Strike

Minister of Economy Refuses to Intervene in View of Strike Order Being Issued

Berlin. — The metal workers proclaimed a general strike. The minister of economy had intended to offer mediation between the men and the employers, but he has announced that he will not intervene in view of the order to strike.

The strike is nearly general, although three thousand workers of the Siemens-Holske plant returned to their jobs. The strike is said to have been called in violation of rules in the metal workers' union, which require a two-thirds majority of the workers on a vote to decree a general strike.

Says Car Situation is Bad

Prof. W. J. Elliott Also Denounces Conditions at Calgary Stockyards

Calgary.—Describing the car situation in the province as "awful," Professor W. J. Elliott, of the U.G.G., dealt strongly with the situation at the U.F.A. secretaries convention. He also denounced the conditions at the stockyard here, stating that the yards were entirely too inadequate to handle the present business.

Discussion of the business and condition of the U.G.G. also occupied some time. Further criticism of the condition of the organization was heard, and it was stated that the financial condition of the company was none too good, and that were the company to close down now it would show a loss of a quarter of a million. Officials of the organization claimed, however, that this did not represent the true condition of the company. The opinion was strongly expressed during the session that the company should trade on the basis of a wholesale concern.

It was stated that the entire wheat crop of Alberta was about five million bushels, and officials said that the company could handle every bushel that did not go back into the ground or was fed to stock.

Plan Merging Agencies

Dominion Employment Bureau May Supplant All Others

Vancouver, B.C.—The World says: "A move is on foot to place all governmental employment agencies throughout Canada under the supervision of the department of civil re-establishment. This would mean that the Dominion employment bureaus now operated here would be operated from the S.C.R. offices under the direction of the unit commander in British Columbia, and to complete the scheme as it has been mooted the provincial authorities would be asked to come into line and merge their employment services with the soldiers' organization."

Rounding Up the Bolsheviks

London.—A headquarters bulletin from Gen. Denikine, received here by wireless, claims that Cossack troops captured 35,000 Bolsheviks between October 17 and 27. The troops of Gen. Denikine's volunteer army in the meantime took 20,000 more. The communique asserts that entire divisions of Bolshevik troops are being put out of action daily.

Sinn Fein Released

Dublin.—Ernest Blythe, member of the Sinn Fein parliament, who was arrested during a raid on Sinn Fein headquarters September 12, and later was sentenced to one year in prison, was released from prison after having been for five days on a hunger strike. Blythe was taken to a hospital.

Quebec.—A sudden slump of eight cents in the price of cured and uncured ham agreeably surprised Quebec housewives. This sudden decline is due to the order from the government. Bacon also has suffered a decline of about 6 to 8 cents per pound.

Judgment Reserved On Pork Prices

Decision of Board of Commerce on Packers' Protest Will Be Announced Shortly

Ottawa. — The decision of the Board of Commerce as to whether the price prevailing on March 10 for pork products will apply at the present time or not will be made in writing shortly. After hearing representations from the packers, who are seeking to have the board rescind its order fixing prices at the March level, Commissioners Robson, O'Connor and Murdock reserved judgment. Commissioner Murdock stated to J. S. McLean, representing the Harris Abattoir company, his firm conviction that the packers and not the farmers fixed the price of livestock. This contention Mr. McLean disputed.

French Defeat Turks

London.—Turkish forces have been defeated by French troops in Angora (in Asiatic Turkey, 200 miles east of Constantinople), according to a Constantinople dispatch. The Turks delivered a heavy attack, but were repulsed, after several hours' fighting. The French hospital train also was reported to have been attacked by troops under Mastapha Kemal.

One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder, then, that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N.S., writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Imperia's to Pass Through Canada

Veterans of Winnipeg Are Planning Reception for Them

Winnipeg.—In a day or two, three thousand British soldiers will be passing through the West on their way home from Siberia. They will arrive at the coast on the Montague. As this is the largest party to come across Canada, Winnipeg returned soldiers and their auxiliaries are going to meet them with some cheer as a mark of appreciation of the worth of the imperial army to the Empire.

50 Schooners for Dominion Govt.

Victoria.—It is reported here that the Dominion Government plans to place contracts for fifty wooden schooners with British Columbia shipyards. According to the report, 25 of the ships will be constructed at this port and the other half will be turned out by yards on the mainland.

Peace Treaty Effective November 28

Paris.—The treaty of Versailles and the peace settlement with Germany will become effective, it is asserted in well informed circles, on November 28.

The signature of the protocol and the exchange of ratifications between Germany and such allies powers as have then ratified the treaty will take place on that date, it is reported.

Government Rejects Offer of Miners

First Meeting of Peace League

Date Has Not Yet Been Fixed For Gathering

Paris. — The first meeting of the council of the League of Nations will be held in Paris, the supreme council has decided. It did not, however, fix a date for the gathering.

It was agreed that the council of the world body should consider at this meeting only matters which must be passed upon immediately after the formal ratification of the German peace treaty.

The supreme council discussed its own uncompleted work preparatory to deciding upon exactly what questions must be passed upon before the peace conference ends.

Fuel is Held Up

Coal Shipments From U.S. to Be Allowed Firms on Priority List

Toronto. — Although coal consigned to Canada has been held up at the border, H. A. Harrington, Ontario fuel administrator, had been advised that shipments will be permitted to come forward for industries on the priority list, which are in immediate need.

Mr. Harrington has received the following message from Washington in this connection:

"The United States Railroad Administration has seized all coal on wheels, which has been sidetracked pending distribution under priority schedule. The director of purchases of the United States railroad administration will have charge of the distribution. It is essential that you get absolute proof that the preferred industries are in immediate need of coal upon receipt of which information the administration will take up the advisability of immediate release to preferred industries, according to priority list."

Enemy Delegates' Passage Arranged

Washington. — The German and Austrian delegates to the International Labor conference here having failed to obtain passage to America, the supreme council at Paris has agreed to endeavor to arrange bookings, according to a cablegram received by the conference.

Love's young dream is all right until the matrimonial alarm clock goes off and causes a rude awakening.

Washington. — Organized labor's proposal for ending the coal strike through withdrawal of injunction proceedings against officials of the United Mine Workers of America was bluntly rejected here by the department of justice.

The government's answer to the union's suggestion, advanced by Sam. Gompers, president of the American Federation of Labor, was given by Assistant Attorney-General Ames, who declared the strike in itself was a violation of the law, and that as long as it continued the only place to fight it out was in court.

The labor leaders were visibly disturbed by this refusal, and agreed with the operators on one point — that the statement of the government's position swept away all hope of immediate settlement of the strike, involving more than 400,000 soft coal miners, in twenty-eight states.

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests, which merely makes the corn grow hard. This suicidal habit may cause lockjaw, and women are warned to stop it.

A few drops of a drug called freeze-one applied directly upon a sore corn gives quick relief, and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freeze-one, which costs very little, but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.

Victory Loan Popular in U.S.

Toronto.—United States citizens have a keen appreciation of the value of Victory Bonds. Subscriptions from the other side of the border up to a few days ago totalled \$27,281,550, two millions more than was collected last year in the entire campaign.

Prince Drives Own Train

Montreal. — At Flavell, twenty miles west of Trenton, the Prince of Wales boarded the locomotive of the Canadian Pacific railway train and personally drove the train into Trenton.

Bovrilise your cookery

Bovril gives richness and flavour to soups, gravies, and all made dishes. When you are cooking, keep the bottle where you can see it. Bovril not only makes the dish more enjoyable, but also gives it additional food value.

The body-building power of Bovril has been proved by independent scientific investigation to be from 10 to 20 times the amount taken.

WHY YOU SHOULD BUILD ONLY FROM PLANS

Every building you put up this year and from now on should figure largely in your future.

Whether it be a new house or only a machine shed it will help you make money by saving it.

Just how much it will help depends on how well it fits into your needs now and later.

If you go ahead and build without any plan or any reference to future years and needs you are very likely to find that in a short time the building doesn't fit and you have to re-model, enlarge or build new.

WHATEVER YOU DECIDE TO BUILD GET A PLAN FOR IT, WE MAKE THEM FREE.

And just because it is a FREE service don't think that it isn't worth anything.

These plans are made to fit your ideas and your needs. They are made so that your buildings will be strong and durable and cost the least that they can be made to cost and be built right.

Just as soon as you decide to go ahead with any building see us at once for plans as well as material.

AROUND THE TOWN

Mr. and Mrs. Van Loo were visitors in Calgary this week.

Pete Wood came down from Castor on Monday to visit his father, who is very ill.

Morgan Cressman brought in a winter radish last week that weighed 10 lbs., and was in excellent condition.

Mrs. Milner and son of Red Oak, Iowa, Mrs. B. A. Sinclair and Mr. and Mrs. Ernie Sinclair were guests of Mrs. Gilchrist on Sunday.

Mr. Charlie Young received a telegram last week stating that his mother was very ill. He left for Embro, Ont., Thursday last to visit her.

The person known to have taken purse containing a sum of money and keys from Campbell & Anderson's store, return same by mail and save themselves trouble.

The bazaar and entertainment which was to have been held at Rugby school house on Nov. 7, was postponed till Friday, Nov. 21. Every one will be made welcome.

Mr. Frank Pierce returned from Calgary Sunday bringing with him his young son Howard, who has been in hospital for some time after having undergone an operation for appendicitis.

The Ladies Aid of the Evangelical church will hold their annual sale of fancy work and home cooking in the Leuzler block on Saturday, Nov. 29, at 2 p.m. Ice cream and lunch will be served.

Miss Eileen Howe was the winner of the Royal Crown soap contest conducted by Capt. McCall in his aeroplane a short time ago. The prize was silverware, which Miss Howe has received.

An alarm of fire was rung in on Thursday night. A small blaze had started in the storeroom at the U.F.A. elevator, caused by a small stove overheating. The chemicals were soon on the job and the fire was extinguished before much damage had been done.

The break in the severe winter weather we have been experiencing for some weeks is certainly a relief. The chinook has taken nearly all the snow away and the farmers are hustling to get their threshing done and green feed put away, which will be a relief to them.

Dave Boden has sold his half section of land about two miles west of town. Albert Peck has bought one quarter and J. Stevens of Sunnyslope, has bought the other. Dave has bought another quarter near Lacombe and will move all his fine purebred live stock up there in the near future.

A masquerade dance will be held in the near future by the Didsbury Women's Institute in aid of the Didsbury hospital. Prizes will be given for the best dressed lady and gentleman and best comic. A prize will also be given for the best dancing couple. Admission \$1 per couple, single, 75c.

Robins and wild ducks are still hanging around the district. Fred Moyle saw two robins in front of his residence last week and several flocks of ducks have been seen in the district within the last few days. Does this mean a break in the hard winter weather we have had for some weeks?

NOTICE

Don't forget to call at the private sale, now on, of household effects, carpenter's tools; a quantity of beautiful, scripture wall mottoes; about 200 volumes of religious books, commentaries, encyclopedias, etc. A splendid opportunity to select a testament, Scofield or other bible for a Xmas gift, from about twenty five samples. Sale on till Friday evening. ALLEN GOOD.
